Individual License Details

The license status information shown below represents information taken from the California Department of Insurance (CDI) licensing database at the time of your inquiry. This information may not always be current. For example, items sent to the CDI may be pending review or simply may not have yet been entered into our licensing database. For instance, continuing education hours quoted may not reflect courses taken in the last 45 days. This database will reflect concluded disciplinary actions against licensees. Complaints and ongoing investigations are confidential and, therefore, not available.

Section 12938 (a) of the California Insurance Code, in part, requires the CDI to make all fully executed stipulations, orders, decisions, and settlements available to the public on its Web site. You can search for key documents regarding any enforcement action the department has filed against this licensee on the Enforcement Action Documents Search Page. Please note Enforcement Action Documents (i.e. legal pleadings and orders generated during the enforcement action) are available on this Web site only for enforcement actions taken on or after July 1, 2001. If an enforcement action was taken prior to July 1, 2001, this Web site will only provide a summary description of the enforcement action. Documents relating to actions taken prior to July 1, 2001 may be obtained by submitting a written request to the CDI.
